BIC: GENODEM1GLS

GLS Gemeinschaftsbank

## Previous projects

Project „Santa Claus“ - Distribution of school supplies to 1000 Elementary-school pupils in Hernani

- Emergency aid
- Support of reconstruction measures
- Support renaturation measures

ESSU-Scholarship - 85 students from the university Salcedo are supported for 3 semesters

## Who we are?

On the German side our network consists of former volunteers who lived and worked for a whole year in the demolished „Region 8“, which was hit hard by typhoon Haiyan in November 2013. On the Philippine side socially engaged fellows are participating in the network. After the disaster the former volunteers jointly cooperated to support the typhoon-affected people. Finally, in August 2014 the cooperation led to the foundation of the „Waray Empowerment Network Germany Philippines e.V.“

Priorly, we promoted and supported various projects in Region 8 through the structures of „Freies Wort hilft“ e.V.

## What we do?

Particularly, we are supporting the Philippine islands Leyte and Samar, which were mostly affected by typhoon Haiyan. Our assistance is being implemented through a scholarship-programme, financial support for local programmes in the fields of education, social and ecological development and reconstruction measures.

The Typhoon's legacy - a family from Quinapondan sitting in front of their destroyed house.

## Your support is important!

In November 2013, the strongest recorded typhoon to make a landfall hit the Philippines and devastated the Waray-region – the central-eastern part of the country- where a large share of us worked and lived for a year. The storm, featuring wind speeds of up to 470 kilometers per hour (close to 300 miles) caused a five to ten meter storm surge that swept across the low lying cities and towns located close to the waterfront.

We felt obliged and motivated to contribute our humble share to support the people in of the Waray-region, who once hosted us as their guests.

If you like to contribute towards alleviating the hardship caused by typhoon and storm surge, we would appreciate your support.

If a membership is requested, please find a supporter's declaration on the back side.

DAMO NGA SALAMAT! Thank you!
